You can help save boxers from being abused and neglected!

You can help us save boxers from being euthanized daily!

We are local based charity in Asheville, NC. The main goal of our organization is to provide the many unwanted, abandoned, mistreated Boxers with the tender loving care that they truly deserve.

WNC BOXER RESCUE, INC began with one man's vision, and

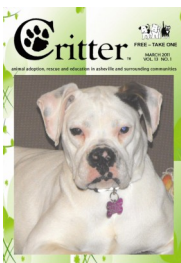

with the help of many volunteers and input from other rescue leagues, has grown rapidly ever since. We are rescuing and placing as many Boxers as we can each week.

When a dog comes into the rescue program they are examined by our vet, brought up to date on vaccinations, tested for heartworms, hookworms, roundworms and put on heartworm preventive. All dogs are spayed or neutered prior to adoption if they are old enough (we feel it is better for the dog to wait until they are 6 months of age). If the dog is too young to be spayed/neutered, we require a signed spay/neuter contract and an additional \$50 deposit, at the time of the adoption. This deposit is reimbursed upon proof of spay/neuter. We treat any illness that can be treated, regardless of the cost, when the dog comes into the program. We do not euthanize sick

dogs if their illness can be treated, i.e.; heartworm positive, etc. Our organization believes that every dog who enters our rescue deserves the best chance possible at a happy and healthy life.

Our main goal is to rescue and place needy boxers. Many of these beautiful dogs have had a very "ruff" start, having been abandoned, abused, and/or neglected. We have dedicated ourselves to helping as many of these dogs as we possibly can.

We work alongside many other rescue leagues out there who are dedicated to saving the lives of animals, as we are. We all work together to try and improve the chances of all of the dogs we take in. Rescue is not a perfect "science". We

We get help from many sources. We need your help too!

By participating in this race you are directly helping us raise money to save neglected and abused boxers.

rely on input from our volunteers, other rescue organizations, and our loyal supporters, to help get the word out about our rescue work.

Thanks for helping us make this race a success. We sincerely hope you will contact us with any questions and/or comments.
